HICKMAN, KENTUCKY, THURSDAY, SEPTEMBER 9, 1915

Number 12

FIRST LOAD COTTON BROUGHT IN TUESDAY.

The first load of the 1915 cotton crop to be brought to Hickman came in Tuesday afternoon. This cotton was raised by Henry Mannin on Ernest Johnson's place. As this cotton was not offered for sale, no price was made on it. Quite a few farmers in this section are picking cotton this week, and it is probable that several loads will reach Hickman Saturday.

T. T. Sullivan left Tuesday for St. Louis. He will buy new goods for the firm of Sullivan Bros. while there.

S. A. Choate went to Union City Tuesday to appear before the grand jury in the Dick Marshall case.

Miss Mena Diestelbrink will begin her class in music Monday, Sept. 13. All patronage given her will be highly appreciated.

L. B. Abernathy spent Tuesday day in Union City.

CRUTCHFIELD NEWS.

Hays Carver had the misfortune to lose his home by fire Tuesday. Bob Elliott has completed a nice new 7-room house. Tom Bellew has built a nice 5-room cottage.

School opens Monday, Sept. 13. From the new buildings going up and other improvements one would think Crutchfield is on a boom.

COTTON PICKING BEGINS.

Cotton picking begun in this section this week. The crop is about two weeks behind that of last year, and the yield will be much shorter than the 1914 crop. As a whole, however, planters believe they will be ahead this year so far as net profits are concerned.

Adlai Poynter, for several years with Rone's Restaurant, was here from Clinton, Friday.

W. B. (Buck) Deweese, formerly of Moscow, died Thursday at Hayti, Mo.

FIRE DESTROYS HOME OF MRS. J. E. SWIFT.

The pretty 7-room suburban residence of Mrs. J. E. Swift, just east of town, was destroyed by fire Friday night between 8 and 9 o'clock. The fire started in the kitchen and is supposed to have caught from a defective flue. At any rate it had a good start when discovered and all of the kitchen furniture was lost. A good portion of the other household goods was saved.

Mrs. Swift carried \$1500 insurance on the house and \$600 on the contents. The house was recently remodeled. In addition to the loss of the house, a barn and several small outbuildings burned. The adjoining residence, occupied by G. L. Collins and family, was saved only after a hard fight by the "bucket brigade."

The vicinity in which the fire occurred has practically no fire protection, being outside the corporate limits.

Miss Nell Bondurant spent last week with her sister, Mrs. Jas. Cunningham, at Union City.

JACK STAHR WEDS MAYFIELD GIRL.

A wedding of unusual interest and brilliancy occurred Monday morning at 8:30 when Miss Anna Boone Carrio and Vernon Jack Stahr, of Hickman, were joined in wedlock, which was solemnized at St. Joseph's Catholic church, Rev. Father O'Sullivan officiating. It was the most beautiful of the early fall weddings, the ring ceremony being used.

Miss Maymie Leonard, of Mayfield, was maid of honor and Jno. Fethe, of Hickman, best man. Miss Margaret Payne, of Owensboro, presided at the organ.

The decorations of the church were extraordinarily attractive. There were only two attendants. The bride entered on the arm of the bridegroom preceded by the maid of honor and best man.

Assembled in the church to witness the marriage of this young couple were relatives and friends to a large number.

The bride, an unusually attractive young woman, was very handsome in a suit of brown with shoes and hat in harmony. Her maid of honor wore blue with accessories to match.

After the ceremony a reception was given at the home of the bride's parents, Mr. and Mrs. Seigel Carrio, on West Broadway, where a limited number of relatives attended. The breakfast menu was served in the dining room where the floral ornamentation was exceptionally artistic. This nuptial event was one of especial interest for the bride couple represents two of Graves county's most prominent families and two popular members of the western society element. The bride is quite popular and widely loved. The bridegroom is a son of Mr. and Mrs. Stahr, one of the best known men in the western part of the county, holding large real estate interests at Fancy Farm and Hickman.

The couple left at noon for St. Louis for a bridal trip of ten days. They will be at home after their return in Hickman and Fancy Farm.—Mayfield Messenger.

The groom was reared in Hickman and has many friends here who join us in wishing Mr. Stahr and his bride a long and happy married life.

The local merchant pays his taxes in this town and assists in defraying the community expenses. He is doing his part toward building up your home. The mail order man pays no taxes here and is doing more than his share toward destroying the community. Who are you supporting?

"Banta" Hill returned Friday day from Mound City, Ill., where he has been employed in months. Mr. Hill will weigh out a grocery store for the past four ton for the Amberg-French Land Co.

P. C. McMullin returned Thursday from the vicinity of Booneville, Miss., where he has been on a prospecting trip. He is well pleased with conditions in that State.

C. A. Toombs has returned from a six weeks visit with relatives at Columbia, Tenn.

Mrs. Joe L. Amberg and son, Joe, have returned from a visit with relatives at Memphis.

A fine baby girl arrived at the home of Mr. and Mrs. Wm. Montgomery Wednesday night.

Mrs. A. A. Faris and daughter, Myra, have returned from a short visit in New Madrid.

L. Hammons, of Wingo, has moved to Hickman to reside.

Emma Pearce and family visited near Wingo last week.

Jesse Anderson was in Union City Tuesday.

DICK MARSHALL ACQUITTED.

The trial of Dick Marshall at Clayton, charged with stealing two yearlings from S. A. Choate, of Hickman, Ky., pending before Esqs. A. E. Caldwell, London, McBride, Sanders and Kersey, was concluded Wednesday afternoon, after lasting two days. We are informed that Mr. Marshall proved by overwhelming proof that the two yearlings in question were his own property, having introduced Mrs. Louise Gray and her son, who raised them both, and who testified that Mrs. Gray sold them to Mr. Marshall in October 1913. He produced the check at the trial with which he paid for the stock in question.

As a result of all the proof on both sides, the court acquitted Mr. Marshall of the charge and the net result is that he stands exonerated in every particular.

At first public sentiment seemed very much against Mr. Marshall, but after hearing his array of evidence it completely reversed itself. The trial was attended by about 250 spectators each day.—Union City Commercial.

August was a freakish month. The hottest day of the month was August 16th, 91 degrees. The coldest day of the month was August 31 lowest temperature, 58 degrees. The total amount of rainfall amounts to 10.28 inches, nearly a fourth of the entire amount of rainfall so far this year which is 41.71 inches. It was also the fourth wettest month in the forty-four years.

The U. D. C. met with Mrs. T. A. Ledford Monday of last week at three o'clock and elected delegates to the U. D. C. State Convention to be held at Fulton Sept. 22 and 23. Those elected were Mrs. J. A. Thompson and Miss Jessie Outten, alternates Mrs. H. L. Amberg and Mrs. Frank Von Borries.

Joe Deberry, a negro, and the confessed slayer of Mrs. James H. Martin, of Murphysboro, Ill., after a brief trial was sentenced to be hanged October 16. Deberry had demanded money of Mrs. Martin who, upon refusing it, was hacked to pieces by the negro.

State Auditor Bosworth re-appointed G. B. Likens assistant auditor. Likens resigned that position when he became a candidate for the Democratic nomination for Secretary of State.

You may not be able to show your good citizenship by building a \$100,000 building in your home town, but you can demonstrate it by cutting those weeds on your place.

Frank Smith is back from Houston for a short stay with Hickman relatives and friends. His mother, Mrs. C. C. Smith is expected to arrive here Saturday.

Miss Mollie Bourne, of Union City, arrived here Saturday and will have charge of the millinery department at Smith & Amberg's store again this season.

Mrs. S. L. Dodds and daughter, Anna Lynn, left Friday for Biloxi, Miss., after spending the summer here.

BONDURANT BROS. BUY EZELL & SON GROCERY.

J. M. Ezell & Son, one of the leading grocery and meat market firms of Hickman, sold their store Saturday to Bondurant Bros., the latter taking possession Monday morning. The new firm is composed of Murphy, Owen and Fred Bondurant, three as clever young fellows as will be found anywhere. There is no reason why they should not make a success of their new venture.

Mr. Ezell has been identified with the mercantile business here for several years and has been successful from the word go; but ill health has made it necessary to change up. The confinement was telling on him. The firm of Ezell & Son enjoyed a fine trade and the new management will doubtless continue to add to the strength and popularity of the business established by Mr. Ezell.

Success to you, gentlemen.

NEW COAL DEALER.

Capt. C. E. Hackett informs us that he will engage in the retail coal business in Hickman in the near future. He expects to handle Bon Air coal and to have his yards at the old Dillon coal yard.

The Courier-Journal says that "On the theory that the prohibition wave is on the ebb," etc., the National Model License League is preparing to meet and reorganize for the purpose of renewing their fight against prohibition. If the whisky people really believe that the "Prohibition wave is on the ebb," they are bigger fools than we have given them credit for being, and we don't believe for a moment that they really believe this. However, as they are evidently preparing to put forth a renewed effort, it behooves every man, woman and child, who is really for prohibition, to be on the alert and take advantage of every opportunity to advance the cause of prohibition.

Ben S. Adams, who has been the efficient county attorney of Carlisle county during the past several years, resigned the position Tuesday. Mr. Adams, who is the Democratic nominee for commonwealth's attorney, desired to take a rest before his term of office begins the first of next year, and therefore his resignation.

The Illinois Central has a corps of surveyors at work surveying a route for an extension of the road from Madie, in Lake county, to Samburg, in Obion county. The road evidently intended to reach the coal mines that will be opened there by the easiest and cheapest route.

W. T. Grissom, the popular West Hickman grocer, expects to move his store into his new brick building this week. The new Grissom building is a credit to West Hickman enterprise and is one of the prettiest little store buildings in this section.

It is not surprising that there are so few patriots in China. It takes half a day to sing the national hymn of the country.

New Fall Goods for Early Buyers

Plentiful Assortments Are Already

Shown at Smith & Amberg's

Our buyers are returning from their buying trips, and many of their purchases have arrived and being displayed. New shipments will be received from day to day and our stocks will thus be increasingly interesting. Right now, however, ample assortments are offered to early buyers. Those women who wish to be first to appear in the new fashions will find awaiting them here comparatively broad displays of the latest Fall styles. At this store no extra charge is made for novelty or correct style, our prices being based solely on the actual value of the goods.

Smart New Suits for Fall

Handsomely tailored suits in the latest fashions, priced so reasonably that you can well afford to buy your new suit now and get a full season's wear from it.

Hundreds of people viewed, yesterday, the young man in the Hickman Drug Co. show window. This boy, under hypnotic influence, rode a bicycle from 4 until 7 o'clock without a stop, and would have probably covered around a hundred miles had the same energy been expended on a level street.

Has anybody seen the professor's pants? The hypnotic professor last evening lost his pants, \$10 in cash, and papers worth \$200, while working on the stage. He had just changed for his act, leaving his trousers behind the scenery.

When it Comes to Coffee

I don't want to handle anything but grades we know are good and that we can recommend. Of course, we've different grades. Now, I drink nothing but French Market. This is blended and roasted under a secret process which made the old French Market in New Orleans famous. This process retains all the richness and strength of the coffee and gives it its famous flavor.

When you consider that the price is but 25 cents a pound it ought to be worth while to give it a trial.

Golden Gem is a very fine roasted Rio which we handle only in bulk. It has a very fine flavor. Many who have tried it will use no other. The price is 30 cents.

Our Boca is so well known that it would seem to be unnecessary to say anything about its quality. This brand we have handled for years and those who have used it want no other. It is the highest grade coffee we can buy. It is put up in 2-pound cans, ground or pulverized. Price now is but 65 cents for two pound can, a reduction since our last lot.

Then we have an excellent Peaberry at 25 cts

CHURCH OF CHRIST NOTES.

We had a fine Bible school last Sunday, as it is now growing rapidly, and you want to have your part in its growth, so come to Bible school next Sunday and enjoy its inspiring session. Good music and interesting teachers.

The morning service will be in the hands of the young folks of the church and Bible school. A good program has been arranged and is being prepared which will give a pleasing as well as useful service.

After the morning service will be the regular communion service.

On account of the rain which came on last Sunday evening just in time to keep people away from church, the regular service was postponed until next Sunday night, to meet at the same place, at the M. E. church, and the sermon by the pastor of the Church of Christ. The text will be St. John, 17:3. Get your Bible and brush the dust off of it and read the chapter in which the text occurs. Of course you will want to hear the splendid music, as music is given a prominent place in the service and it is hoped to have something special if possible. Come yourself and bring friends.

Whenever You Need a General Tonic Take Grove's

A most enjoyable evening was spent at the LaCade Hotel last Monday night when H. C. Taylor, of the Crystal Theatre, gave a dance that was attended by a goodly number of the dancing set of Hickman. The refreshment consisted of ice cream, cake and lemonade, and were served in abundance. It is Mr. Taylor's desire to give the dances regularly, and, judging from the time that everyone had at his first dance, it goes without saying that more good times are to be had in the near future. Those present were: Mr. and Mrs. C. L. Barnes, Mr. and Mrs. Case, Mr. and Mrs. Reynolds, Mr. and Mrs. Moore, Mrs. Von Borries and sister, Miss Beale, Mrs. Johnson, Misses Mildred Ramage, Carrie May Reid, Bettie Louise Curlin, Swan and Lucile Naylor, Frances Webb, Messrs. News Snapshots Of the Week

Just as the country seemed on the verge of breaking with Germany because of the Arabic incident Ambassador von Bernstorff reported to us that the submarine commander responsible exceeded his authority in sinking the liner without first giving warning; Admiral von Tirpitz, head of the kaiser's navy, objected to any change in submarine policy, it is reported. The Germans claim 1,000,000 Russian prisoners for the last four months. Before the conference of governors at Boston came to a close the chief executives were guests of Secretary of the Navy Daniels on the Wyoming. Frank L. Polk, corporation counsel of New York city, was made counselor of the state department, to succeed Secretary Lansing. Election to the supreme court justiceship of the state is being sought by Congressman James J. Fitzgerald of New York. The naval authorities succeeded in raising the submarine F-4, which sank in Honolulu harbor with twenty-two men.

Probably fair today and Friday not much change in temperature.

STORE WILL MOVE.

Store No. 90 of the Co-Operative Stores Co., at Hickman, is packing up today preparatory to quitting business here. They do a strictly cash business and local conditions have been against them. They have operated here about five months, but it has proven a losing game.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

When She Gardens.

There is a very good gardening mat for the special convenience of the dainty woman who loves to dig and plant, but who dislikes to kneel in the garden paths in a fresh summer frock. With a gardening mat in one's possession, it will not be necessary to go upstairs and change the costume before beginning to dig and weed. The mat is made of fiber and is shaped like a large roasting pan, with one side removed. One kneels in the three-sided pan or mat and the frock is kept perfectly clean.

Hazards of Art.

"What is that protean actor doing now?"
"He's impersonating a character in Shakespeare."
"But which one?"
"He leaves that for you to guess."
"Umph! I don't believe he knows himself."

Mrs. J. A. Thompson entertained Tuesday afternoon at Rook. As the guests arrived they were welcomed by Mrs. Thompson and served orange punch by Miss Irene Thompson. The house was prettily decorated in roses and ferns. At the close of the games brick cream and cake, grape juice macaroons and salted almonds were served. She also entertained the same evening from 8:00 to 10:30, on which occasion brick cream, cake, coffee, cheese straws and salted almonds were served.

Misses Amanda and Mary Lee Roper, of Tiptonville, who have been guests of Misses Carrie Barber and Inez Roper, returned to their homes Sunday.

I wish to thank all the business men who helped the Boy Scouts in their outing this week. The Scouts all appreciated the kindness.—Scout Master.

Mrs. Maggie Thomas has returned home from Cayce where she was the guest of her cousins, Mrs. G. W. Meneese and Mrs. Clara Carr.

Noble Butterworth, Nix Albritton, Richard Jones and Vernon Roberts were here from Fulton Sunday.

Mrs. Dr. Bushart and children, of Beclerton, visited her parents, G. W. Phelps and wife, last week.

Miss Ruth Saunders, of Murray, is the guest of her cousin, Mrs. E. Battersworth this week.

Will Fields and family, of Dyersburg, are the guests of J. P. Giles and family.

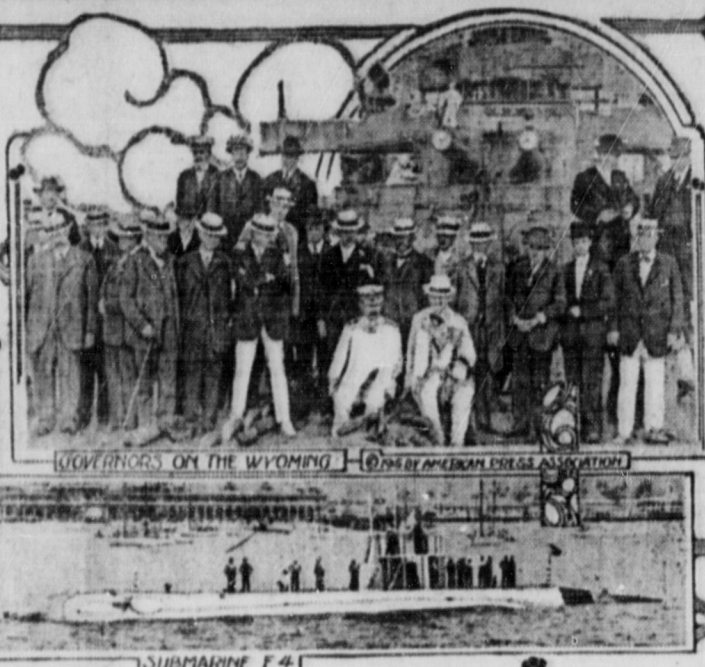

Little Miss Sarah Corum has returned from a visit to friends in Dumas, Ark.

Mrs. C. Y. Hoodenpyle and Macon Bynum were in the city Wednesday.

Mrs. H. L. Curlin, of Woodland Mills, visited Mrs. Ben Shaw this week.

Mrs. W. E. Lynch and son are visiting relatives in Rector, Ark.

Alney Johnson was here from Cayce Monday evening.

Rev. W. F. Ruenberg and wife will arrive home from Louisville next Saturday after a several weeks visit with relatives in that city. Rev. Ruenberg, during his stay in Louisville, received a call to the rectorship of St. Paul's church at Jeffersonville, Ind. This is one of the largest Episcopal churches in Indiana but we hope Rev. Ruenberg will continue as rector of the Hickman church.

S. H. Hinton and wife, Mrs. Cavitt, Mrs. Burnett and John Meacham motored to Fulton Sunday.

Rain has delayed to some extent work on the new gravel road east of town, but the workers now announce that they expect to open the road to travel about next Monday. At a later date, the Courier will give a detailed statement of all persons contributing to this road work, also costs, etc.

Miss Lizzie Tams, of Union City, returned home Saturday after a visit to Mrs. P. B. Curlin. She was accompanied home by little Miss Mary V. Curlin.

New Fall Dress Goods now on display. See them.—Dobson.

Readers of fiction, and especially those who enjoyed Graustark, will have an opportunity to see this popular novel pictured at the Crystal Friday afternoon and night in six reels.

Misses Kate Johnson and Josephine Rosberry, of Nashville, are the guests of Mrs. Bynum Parham.

Mort Walker, wife and son have returned from Aberdeen, Miss., where they visited relatives.

John Haskins, is here from Wayside, Miss., the guest of old friends.

COMING!

A Fool and _____?

Hickman, Sept. 23rd

Mrs. W. H. Baltzer entertained at Rook delightfully Wednesday afternoon from 3 to 5 in honor of Mrs. S. L. Dodds. Those present were: Mesdames D. B. Wilson, W. C. Tipton, C. H. Hreld, F. T. Randle, W. C. Speer, W. P. Skinner, J. A. Thompson, Mary Ligon, T. A. Ledford, Ross Cheshire, of Atlanta, Ga.

In addition to the \$200 Dodds' scholarship over \$500 in scholarships are offered to the Hickman High School graduates. Big colleges and Universities bid high for our graduates. Every boy and girl in Fulton county should put forth every effort to attend our High School.

If you would like for your home made pickles to have the flavor of the celebrated Heinz products, just use the Heinz Pickling Vinegar, sold by E. B. Prather. Only 30c a gallon.

As the school at Hickman has been built up to rank with the best in the State, it will be to the best interest of all parents to patronize this school.

Swelling of the flesh caused by inflammation cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Hickman Drug Co.

The local Boy Scouts, or at least a dozen or so of them, accompanied by Scoutmaster Judge Elvis J. Stahr, went down to Hamby Pond Monday and pitched their tents for a couple of days' outing.

Misses Inez and Virginia Lutten, Dr. St. Clair, D. McNeil, Mrs. Jameson, Miss Reeves and Mrs. P. M. Johnson were the guests of P. C. Ward at Reelfoot Lake Friday.

FOR SALE: Black Turf seed oats; clean and in good shape. See W. W. Preuett, on E. M. Bradley place. 9-9p

Henry McMullin will be with the Roberts Cotton Oil Co. at Hickman this season, in the capacity of local buyer. For the past two seasons he was employed as local manager by the owners of the gin in East Hickman, but this year, we understand, will not be operated this year. W. H. Clark, of Troy, Tenn., will be general manager of the Roberts gin at Hickman this year.

The graduates of the Hickman High school are admitted into all colleges without examination. Several graduates have taken the honors in the big Universities. The people of Fulton county appreciate our excellent high school.

Paul Blakenmore, one of our good friends and an old Hickman boy, came over from Kennett, Mo., Sunday, to spend a few days with his parents, W. F. Blakenmore and wife. Paul is in the confectionery business at Kennett and is doing well.

"Little Cook" corn; none better, only 10c the can.—Bettersworth.

IN REACH—OR OUT?

Suppose a fire broke out today in the house, office or store adjoining you how would you stand in regard to a fire insurance policy? Have you got one at all? Is it in a sound and reliable company? Now is the best time to think about it and to take out a policy if you haven't one. You can't get it afterwards you know. See us about a policy at once. The cost is small—the benefits great.

Every Home Needs A Faithful Cough and Cold Remedy.

When seasons change and colds appear—when you first detect a cold after sitting next to one who has sneezed, then it is that a tried and tested remedy should be faithfully used. "I never wrote a testimony before, but, I know positively that for myself and family, Dr. King's New Discovery is the best cough remedy we ever used and we have tried them all." 50c and \$1.00. Adv.

If there is anything that tortures an editor more than anything else, it is to publish a \$10 or \$15 obituary notice about some old prominent citizen who never had the manhood to take his county paper. Editors frequently put in such notices at request of relatives and friends, but it grinds them to enulogize a man to the skies who was too stingy to support his home paper.

WHEN A MAN IS POOR.

"A man is poor when he has lost the confidence of his friends, when people who are nearest him do not believe in him; when his character is honey-combed by deceit and punctured by dishonesty at the expense of his character, when he does not stand clear out, supreme in his idea. When this is clouded he is in danger of the worst kind of poverty. To be in the poorhouse is not necessarily to be poor. If you have maintained your integrity, if your character stands forth square to the world, if you have never bent the knee of principle to avarice, you are not poor, though you may be compelled to beg bread.

A WONDERFUL ANTISEPTIC.

Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c-50c. The \$1.00 size contains six times as much as the 25c. Adv.

APPLES GO TO WASTE.

The apple crop in Fulton county is going to waste. Much of the fruit was blown from trees by the recent storm. Very good apples have sold on the streets of Hickman in the past ten days at 25c a bushel. Every farmer should have a cider mill and put his surplus apples into cider. One barrel of cider vinegar is worth a dozen of the stuff called vinegar made by the city manufacturers and is far more healthful.

HAD CATARRH FOR TWENTY-FIVE YEARS.

A Well Known Restaurant Man Endorses Tanlac.

Says Relief Is Remarkable, Feels Fine.

Paducah, Ky., Sept. 8, 1915.

An experience which should prove very convincing is that of Mr. W. E. Downing, the well-known restaurant proprietor of 123 South Second street, who found remarkable relief from Catarrh of long standing from the use of Tanlac. Here is what he has to say:

"I have lived in this country for twenty-five years, a dairyman, a good part of that time though I am now in the restaurant business at 123 South Second street. For twenty-five years I have been a catarrh sufferer; there was a constant dropping down of the mucus into my throat which was very irritating and distressing; my throat was always rasped and raw and my expectorations were full of mucus. Naturally, this told on my vitality. I had little strength and the least exertion tired me.

"My head would sometimes buzz like a bee-hive; there was a roaring in my ears, my tongue was nearly always coated with an unhealthy looking secretion. Then my stomach and liver commenced to go back on me. My food didn't properly digest and I suffered all the miseries of acute indigestion—the gas on my stomach, the swollen bowels the belching and pains in the side. I was frequently bilious and kidney trouble caused me to have an almost constant backache. I was almost down and out when I first heard of Tanlac.

"I read so much in the papers about the good Tanlac was doing and so many people I met in my business spoke well of it, that I determined to see what it would do for me. I'm certainly glad I did so, too, for after taking two bottles I feel better and stronger than I have for years; my color is noticeably improved. My head feels much clearer, the phlegm in my throat and head much freer. Food tastes good and agrees with me once more; I eat with the keenest relish and sleep fine. Tanlac has certainly been the very thing for me and I'm glad to tell everybody how I feel about it."

Tanlac, the premier preparation which Mr. Downing praises so highly is sold in Hickman exclusively at Hickman Drug Co., under the personal direction of J. L. Cooper's assistants and the intense interest which the large number of callers display in its merits explains its phenomenal sale.

HE SHRUNK UP.

A man was walking along the road, and a storm came up; he crawled into a hollow log. The rain poured down in torrents and the log swelled until the poor fellow could not move. All his past life loomed up and when he remembered that he was not taking his home newspaper, it made him feel so small that he crawled out.

Health And Happiness Depend Upon Your Liver.

That sluggish liver with its sluggish flow of bile is what makes the world look so dark at times. Dr. King's New Life Pills go straight to the root of the difficulty by waking up the action of the liver and increasing the bile. Dr. King's New Life Pills cause the bowels to act more freely and drive away those "moody days." 25c a bottle. Adv.

Hundreds of tons of fine alfalfa are shipped each year from Hickman. A big portion of this is ground up and used as the base for high-priced mixed food. The alfalfa is the most costly ingredient of the so-called feed, and finally retails at \$35 to \$40 a ton. The business League here wants to know why such a mill could not be operated at Hickman—and give this extra money to our farmers and home labor? The product sells readily—and the mill outfit will cost very little. Let's get busy.

AMERICAN DISCOVERS DYE-MAKING PROCESS.

Discovery of a process by which dyestuff materials can be manufactured from crude American products was announced at New York Friday by Dr. Thomas H. Norton of the Department of Commerce. Although the character of this process was not divulged, Dr. Norton declared he had called it to the attention of the department at Washington with the statement that it would probably solve the problem confronting American manufacturers unable to obtain dyes from Germany.

The owners of the process, Dr. Norton said, were financially able to supply the product and that it would be on the market within two weeks.

FROST'S CAFE MAKES ANNOUNCEMENT.

The oyster season opens on Sept. 1st, and we will always have the very best oysters the market affords, served in any style—also, sold in "kant-leak" pails to carry home with you.

We are now serving the genuine Mexican Chili—Chili Mack, Chop Suey—all made by a first class cook, who has had 15 years experience in the leading, large hotels of this country.

We want to say that we now have the best cook in Hickman, after trying 10 or 15 different ones in the past year.

A meal here will convince you that we are serving better, cleaner, well-cooked meals, than any place in the city. Our regular meals are 35c—others give less but charge more. Short orders from 5 a. m. until midnight.

A share of your business will be appreciated.

Special rates by the week or month.

FROST'S CAFE,

The city authorities have advanced the date of the special election, to vote on bonds for buying a fire truck, from Sept. 20, to the date of the regular election. This will save considerable expense in holding the election the abrogation will also serve the purpose of making the election valid from a point of time of holding. Legally, there is some question about holding elections in cities of the 5th class in Kentucky at times other than regular election dates.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by Hickman Drug Co. Adv.

Courier's Home Circle

There is not a man in Hickman, however indifferent to the claims of Christianity, who would want to rear his family here if there were no churches or church influence, for he at once recognizes them as the guardians of the morals of the community.

...

A word fitly spoken is like apples of gold in pictures of silver. Why, then are we so chary of kind words, for we know a word in kindness spoken may heal a heart that's broken and make a friend sincere. Could we but realize the full import of our every word and act, would it not lead us to weigh them more carefully?

...

If you want to keep your children away from sin you can only do so by making their home attractive. You can preach sermons, advocate reforms and denounce wickedness and yet your children will be captivated by the glittering saloons of sin, unless you make your home brighter than any other place on earth to them.

...

Try to give your children the memory of a sweet and joyous childhood. It will make your memory tender and precious to them long after you have passed from earth and it will make better men and women. The childhood of their own children will be made happier by it. There is no more sorrowful memory than that of an unhappy, uncared-for childhood.

...

A great deal has been written about home, the many ways of decorating and beautifying this home, which every woman ought to do, as far as her health and income will allow but the sweetest homes and the most beautiful ornament that ever adorned the home of any man, is a patient, tender-hearted, godly woman, one that is so full of God's love and His goodness that she will be able to turn a log cabin into a palace. It is not always the wealthy and those that live in fine houses that are the happiest.

...

Plan out your life on a big scale, whether you are a farmer's daughter, or a shepherdess among the hills, or the flattered pet of a drawing-room filled with statuary and pictures and brie-a-brac. Stop where you are and make a plan for your lifetime. You cannot be satisfied with a life of frivolity and giggle and indiscretion. Trust the world and it will cheat you if it does not destroy you. The Redoubtable was the name of an enemy's ship that Lord Nelson spared twice from demolition, but the same ship afterward sent the ball that killed him, and the world on which you smile may aim at you its deadliest weapon.

...

It is her own fault if a woman is unloved and neglected. That is a harsh statement to make, but it is a fact. Mortal man is a weakling who can no more resist kindness than a rose can resist the sun. It is a weak, helpless woman's duty to make herself attractive and pretty in the very face of discouragement. Call it hypocrisy, tact, finesse, or by any other term, but she must turn in the edges and make allies instead of antagonists of the people about her. Spotless neatness, becoming feminine attire, truth, kindness, cheerfulness, love and the loyalty that restrains her from speaking ill of her neighbors will make many a woman lovely, even though she lacks beauty.

The Next Best Thing To The Pine Forest For Colds Is—

Dr. Bell's Pine-Tar-Honey which goes to the very root of cold troubles. It clears the throat and gives relief from that clogged and stuffed feeling. The pines have ever been the friend of man in driving away colds. Moreover the pine-honey qualities are peculiarly effective in fighting children's cold. Remembers that a cold broken at the start greatly removes the possibility of complications. 25c. Adv.

There Is Hardly A Woman Who Does Not Rely Upon Lydia E. Pinkham's Vegetable Compound.

Princeton, Ill.—"I had inflammation, hard headaches in the back of my neck and a weakness all caused by female trouble, and I took Lydia E. Pinkham's Vegetable Compound with such excellent results that I am now feeling fine. I recommend the Compound and praise it to all. I shall be glad to have you publish my letter. There is scarcely a neighbor around me who does not use your medicine."—Mrs. J. F. JOHNSON, R. No. 4, Box 59, Princeton, Illinois.

Experience of a Nurse.
Poland, N. Y.—"In my experience as a nurse I certainly think Lydia E. Pinkham's Vegetable Compound is a great medicine. I wish all women with female troubles would take it. I took it when passing through the Change of Life with great results and I always recommend the Compound to all my patients if I know of their condition in time. I will gladly do all I can to help others to know of this great medicine."—Mrs. HORACE NEWMAN, Poland, Herkimer Co., N. Y.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Comfort In Poverty

A VISITING nurse found this old lady dying of tuberculosis in extremely poor surroundings. There was no one to care for her except her old crippled husband, and there was not sufficient money to provide good food or clean clothing, nor did he know how to make his wife comfortable. Charitable people were interested in the case, so that fresh bedding and food were provided. Frequent visits from the nurse have helped in making this old consumptive woman as comfortable as possible in her last days. Without the care of the nurse she might have been a menace to her neighbors.

Charming Messaline Afternoon Gown

An afternoon gown of messaline silk, pictured here, is one of many that the amateur seamstress may undertake with assurance that success is easy.

The summer afternoon dress is about the most satisfying of all the clothes wherewithal we are clothed and any number of them have been designed (of the lovely fabrics made for wear in the good old summer time) that are easy to make.

In the dress pictured the skirt is straight and short and full. It has a high waist line with a smocked or shirred panel at the front and single box plaits disposing of the fullness at the sides and back. Two knife-plaited ruffles extend about the skirt near the bottom and at the hip line, but they terminate at the front panel on each side.

A loose, plain blouse of chiffon in the same color as the dress with Dutch neck has a narrow knife plaiting of the messaline festooned across the front. A short jacket of the messaline is decorated with small buttons and these and the odd sleeves with turnback cuffs, are forceful little items in the very good style of this gown. The sleeves are full and confined near the shoulder with a band of narrow knife plaiting.

In addition to the \$200 Dodds' scholarship over \$500 in scholarships are offered to the Hickman High School graduates. Big colleges and Universities bid high for our graduates. Every boy and girl in Fulton county should put forth every effort to attend our High School.

The Empress is a picture show. A good program every day—that's all.

The three-tiered skirt in which the flounces are set together is another good idea for the afternoon dress. It is worn with a soft chiffon blouse and made high waisted or given that effect by a very wide girdle. Made of one of the thin materials and worn with a coat of taffeta this is a costume both economical and smart.

CARD OF THANKS.

To those who were so kind to me during my three years in business in Hickman, I wish to express my sincere appreciation and thanks. No one ever had a better set of people to deal with than the customers patronizing my store, and it is with regret that I was forced to retire, but my health demanded it. A few of my friends owe small accounts. I would be glad if these would make settlement as early as possible; either settle with me or my successors, Bondurant Bros., who will receipt you for same. Again thanking each and all of you for past favors, I am respectfully,—J. M. Ezell.

OIL ON REELFOOT LAKE. OPTIONS BEING SECURED.

Oil has been struck on Reelfoot Lake.

Rumors flying thick and fast about the mysterious proceedings at the village of Samburg, where a tall derrick and a big drill have been playing a silent game for the past few weeks.

Some oil and many rumors have come from this hole in the ground. Until recently the denizens of that section have looked on with quiet curiosity to the strange "doings." They were informed that the Pennsylvania Oil Company was doing a little experimenting. They were—at least some company did. If reports be true, the theory of oil experts has been borne out. It is now an open secret that the new well has produced oil, but it is a question as far as the public is concerned, how much or what quality. Rumor has it that the "first strata" shows a production of 5 to 25 barrels. The second strata has proven better—and the third (or usual big paying strata) is said not to have been punctured as yet, and the full facts are known only to the company.

It is indeed significant that the company saw fit to "cap" the well just at this crucial stage of the experiment. The capping is in no sense an indication of abandonment—but quite the contrary. This conclusion is borne out by the fact that certain gentlemen are now busy securing options on other land around the lake. They worked here this week and got contracts on more than 2,000 acres of land between Hickman and the lake, some of the leases being secured from Goalder Johnson, G. W. Phelps, C. G. Schlenker, A. S. Barkett and others. In all options something like 20,000 acres have been let.

These "options," good for five years, have little to say about coal (a fine rich vein of which was struck during the course of drilling the Samburg well) or gas rights; it's an oil proposition, and the landowner is to receive as his part one-eighth of any oil that may be produced on his property in the course of development. In case no wells are put down on said land, the company is to pay at the rate of 50c per acre to hold their option until such a time as they do begin work. These gentlemen pose as representatives of nearby "local capitalists." They may be — and, at the same time, they could represent a very wealthy oil corporation. Of course, there are several ways — but, then this makes no difference—in the quantity and quality of the oil. It is everyone's privilege to "take a pinch of salt" when they see fit.

At any rate, there's something doing in the oil line on Reelfoot.

Our understanding is that the well in question will go deeper—and several others will be put down in the near future. That capital, whether local or foreign has seen fit to spend some money drilling in the region southwest of Hickman doesn't come to us as sad news. We hope the "company" secures options right up to the gates of Hickman before they uncap their well and announce results.

We are of the same opinion as some others—if there is oil in the vicinity of Samburg—there is also oil on the upper end of the lake.

Some startling developments may occur within the next few weeks.

County School Notes

By Miss Virginia Luten
County Supt.

The new consolidated school building is being completed this week and school will open Sept. 13th. Every pupil should enroll the first day if possible. We are justly proud of this new school for it is far the best rural school building in the county. The citizens of this progressive community have contributed liberally of their time and money that they might have a first class school. In addition to the class rooms, there are cloak rooms, concrete porches and a library. The term will be eight months and nine grades will be taught.

Commencement exercises were held at McFadden school Sept. 6, for the pupils receiving common school diplomas. Seats were arranged for the audience on the school lawn and the porch; artistically decorated, formed the stage. An interesting program was rendered, the principal address of the evening being given by Prof. J. C. Cheek.

The Fulton County School Fair will be held the first Saturday in November. Further announcement will be made later.

The teachers appreciated very much the courtesies show them by the citizens of Hickman during the institute last week. The

following resolutions were adopted:

We, the teachers of Fulton county, assembled in Teacher's Institute at Hickman, Aug. 30, 1915, hereby adopt the following set of resolutions:

Resolved, That we extend to Miss Luten, our efficient superintendent, our thanks for the high class of work she has done for the public schools of our county.

That we heartily thank our distinguished conductor, Doctor Mackenzie, of State University, for his entertaining, instructive and enthusiastic lectures before this body of teachers.

That while we lament the fact that we can not have President Cherry, as our next chief executive or governor of the State, we feel that the teaching force and the thousands of children of the State are to be congratulated because of the fact that he is to remain as head of the Western Kentucky Normal where he is doing the greatest work of his life.

That we endorse the work done by our Normal schools and State University. That we pledge to use all our influence to make them even better than at present, if possible. And further more, it is our opinion that the time has come when no one should be licensed to teach without professional training.

That our observation and experience lead us to believe that a better plan for the election of Public Institute would be by a commission provided for that purpose.

That we also favor the election of county superintendent in the same manner, but by a commission established in each county.

That we favor a change in the law enabling the county commission provided for above to have the privilege of electing the county superintendent without regard to residence as is the custom in city schools, and that the minimum salary be \$1000 per annum, and expenses.

That we return our thanks to R. S. Eubank, of the Southern School Journal, for the untiring energy and effort he has put forth in the interests of the schools of the State. We pledge ourselves to do what we can to support him and his excellent school journal.

That we return our thanks to Syd L. Dodds for his moral and financial assistance in the cause of education and good roads.

That we endorse fully the movement by Mrs. Cora Wilson Stewart to banish illiteracy from every district in the State of Kentucky. That we pledge our cooperation in this great movement for the suppression of ignorance and vice.

That we endorse the efforts made by the State legislature to banish narcotics and the ever baneful cigarette.

That we return our thanks to young ladies and men who favored us with such pleasing music at various times during the institute.

TREMENDOUS SUCCESS
FOR "GRAUSTARK."

"Graustark," Essanay's six-act feature drama, has made a tremendous success. So popular was the photoplay from its first performance that scores of theatres are running it night after night, with greater and greater crowds filling their houses with each succeeding performance. Hundreds of other exhibitors are clamoring for bookings and the photoplay is having an unprecedented run.

Exhibitors from all over the United States have telegraphed and written Essanay, congratulating the company on the exceptional success of this drama. They are unanimous in saying that for real human interest, thrilling action and picturesque beauty the play is unrivaled. They assert their theatres have been filled to overflowing, and many turned away, with the result of great increase in box office receipts.

The photoplay is dramatized from George Barr McCutcheon's most popular novel. While some of the scenes are laid in New York and Washington and on the train from Denver to Washington, the setting is chiefly in the mythical country of Graustark.

The scenes in the United States were taken at the exact spots represented in the novel, including the famous stage coach ride over the rough roads in the foot

of the Allegheny mountains.

The drama is of the type of romance and adventure that appeals to all. Grenfall Lorry, the hero of the play, is the type of American beloved by all lovers of fiction. Rich, handsome and daring, he falls in love with a princess traveling in disguise and follows her half way around the world to win her hand. The adventures he goes through in the turbulent little kingdom where she reigns is like a page from the Arabian Nights.

Facing danger on every hand, he saves the princess from her abductors, foils the plot of two unscrupulous princes to win her hand, and finally saves her from the loss of her kingdom. He surmounts all obstacles barring an untitled American from marrying into a royal family and finally wins her as his bride.

Bryant Washburn, Ernest Maupin, Thomas Commerford, Lester Guico, Harry Dunkinson and Edna Mayo all take important parts in an exceptionally strong cast. Francis X. Bushman and Beverly Bayne appear as Grenfall Lorry and Princess Yette.

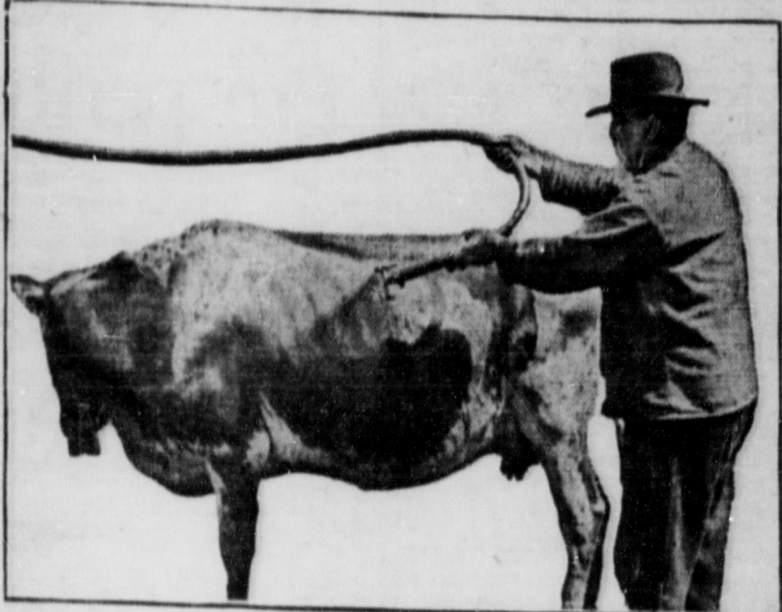

"Graustark" is to be seen at the Crystal Friday afternoon and night, in connection with a vaudeville program. Prices 10c and 20c.

TICKS IN THE SOUTH ROB THE MILK CAN

Spraying a Cow With Arsenical Solution.

(Prepared by the United States Department of Agriculture.)

The additional milk which would be obtained in the South if the cattle ticks were eliminated would in the aggregate be worth many millions of dollars. Owners of dairy cows in the region already cleared of ticks are well satisfied and nearly every reply to the U. S. Department of Agriculture tells of a very substantial increase in milk yield. The per cent of increase, where cattle have been dipped and the ticks eliminated, in many states is 20 to 25, the average of 11 states being 23. In experiments with a tick-free herd in comparison with two herds, one heavily infested with ticks, the other lightly infested, it was shown by the department's specialists that the reduction in milk flow was 42 per cent and 18 per cent respectively.

Cost of Feeding Ticks.

If a dairyman with 20 cows, producing eight quarts of milk each a day, should let them become even lightly infested with ticks and the milk production were decreased, as in the case of the lightly-infested cows in the experiments made by the department of agriculture, the loss would be 1½ quarts a day for each cow. At 20 cents a gallon, or 5 cents a quart, this would amount to 7½ cents a cow, or \$1.50 for the entire herd each day. If the tick infestation were heavy and the reduction in milk were as great as in the heavily-infested cows in the experiment, the loss would be 3½ quarts (worth 17 cents) a day for each cow; this would amount to \$3.40 a day for the entire herd. The money thus lost in three days on the heavily-infested herd would pay for the cost of dipping the cattle and killing the ticks, as dipping costs at most only 50 cents a head to eradicate ticks.

The experience of a dairyman in the heart of the tick-infested territory also strikingly illustrates how much it costs dairymen to have ticks on their cattle. Late in the season, when his cows were covered with ticks, the cattle were dipped and the ticks killed. One week after dipping, the 42 cows in his herd gave 10 gallons of milk more than before dipping. This was

Tick Free Jersey Cattle in Mississippi.

an increase of 16.6 per cent, and as the milk was bringing 35 cents a gallon, the extra 10 gallons were worth \$3.50; hence, by getting rid of the ticks the same cows on the same feed produced milk enough to net the dairyman \$3.50 a day more than before they were dipped. The small amount of money which this dairyman spent in dipping his cows was a good investment.

Another individual experience which shows that dipping cattle keeps off the ticks and, therefore, the dreaded Texas fever, is that of A. E. McWhorter, Greene county, Ga.: "In the year 1911 I had 65 cows. I lost 12 of the best I had by tick fever. In the year 1912 I built me a dipping vat, with the assistance of Doctor Lewis, and that year I had 125 head of cattle and began to dip them on the 19th of April, and did not lose a single cow after the first dipping. This year I had 187 head, and began to dip them on the 17th of April, and dipped them every three weeks, and have not lost a cow this year, and I am sure this tick eradication is the best thing for my county that has ever come to it."

Ticks Increase Fertilizer Bills.

One of the important assets of the dairy industry is the manure produced by the cows. On many northern farms truck farmers and growers of field crops figure the manure they get from cattle as paying them well for cattle raising, even if they make only a small profit or none from the milk or beef. Out of one hundred southern correspondents from tick-cleared areas half of them state that cow manure has increased the productivity of their land 100 per cent more. The remainder also agreed that manure is highly beneficial to their land. Where

the tick is on the cattle, the size of the herd is kept down and the amount of fertilizer produced is necessarily limited.

Ticks Live on Cow's Blood.

Through years of breeding for milk production the dairy cow, when not interfered with by the tick, has become a most efficient animal. But she is also highly specialized; her nervous system is such that even climatic changes affect the milk flow. Thus an irritated, nervous cow is likely to be a liability rather than an asset. The cattle tick, even if it does not give her the fever and kill her, irritates her and makes her nervous, and also takes a heavy toll of blood. In so doing, the tick saps the vitality of the animal and reduces her milk flow; loss of blood means loss of milk. The tick, while sucking blood, as has been pointed out, may also transmit to the cow the dreaded Texas fever. Thus the testimony shows the tick is easily the worst enemy of the cow in the infested part of the South.

Thousands of these robbers thrive on cattle, pastures, feed lots, barnyards and stables. If the cattle are heavily infested, the ticks are sucking, in small sums, 200 pounds of blood in a year from each 1,000-pound animal, proportionately less, of course, from a lighter animal animal, but the tick takes all the blood it can get. All the blood in a steer or cow at any one time weighs only about fifty pounds. This means that the ticks take the equivalent of all the blood of that animal, in small sums, four times every year, and the animal must renew its blood four times to feed the tick before any blood is left to go into meat or milk. It takes feed and hay to make blood. The tick that steals blood from cattle, therefore, steals the farmer's money.

How the Ticks Multiply.

Each female tick, after being gorged with blood, lays from 3,000 to 4,000 eggs in the grass. These eggs hatch into seed ticks. The young ticks in the grass have only six legs. They lie in wait for the cattle to pass and when they stop to graze or lie in the grass, the little ticks scramble aboard and take their meals by sucking blood. The ticks must have blood and plenty of it or they will starve to death. After a few weeks of boarding on the cattle they become big ticks and have grown two more legs. Then the engorged ticks drop off into the grass and the females lay great quantities of eggs, and the costly circle continues.

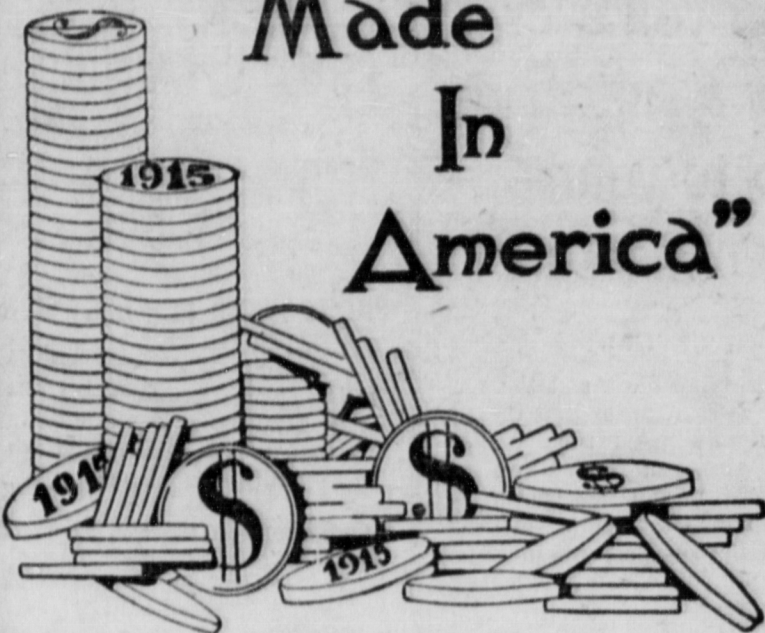

Co-Operate to Fight the Tick.

A dairyman single-handed can rid his cattle of ticks but this requires much more work on his part than when the community or county co-operates to free the whole territory. The cost of the dipping vat is shared and the cost per head becomes almost nominal. The first step for the dairy or stock man who wishes to aid in saving the \$50,000,000 board bill the South is paying for the tick is to get his neighbor interested in the fight against the tick. Then he should interest people about the county. The department of agriculture bears part of the cost of ridding the county of ticks by sending without expense its field men to help build vats and to supervise the dipping of the cattle. The cost to the county is only for vats, or say \$50 to \$100, and the arsenic for dipping, which costs only 5 cents for enough to dip each head times enough to free it from ticks. The total cost of eradicating ticks from cattle by dipping is 50 cents a head, including time in driving them to the vat. Some counties have reported to the department that the cost to the county and its citizens was only 20 cents an animal. Once the farm and community are free from ticks every precaution should be used to keep the ticks away.

For full particulars on how to end the ticks' feast on your cows and in your community, write a postcard to the Bureau of Animal Industry, U. S. Department of Agriculture, Washington, D. C. The department will be glad to send you Farmers' Bulletins Nos. 693, Eradication of the Cattle Tick Necessary for Profitable Dairying; 559, Texas or Tick Fever; 580, Beef Production in the South; 498, Methods of Exterminating the Texas Fever Tick; Special Circular, Effects of Tick Eradication Upon the Cattle Industry of the South; and Circular on Progress and Results of Cattle-Tick Eradication.

Starts Your Liver Without Making You Sick and Can Not Salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver-sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

NEGRO CRAP SHOOTER
KILLED BY OFFICER.

Saturday night Deputy Sheriff Harry Downing, accompanied by Murph Dial, raided a game of craps at Cooper's commissary on the levee a few miles south of Bessie, and Fony Brown, a negro, was fatally wounded. Deputy Downing said he was looking for bootleggers and suddenly intercepted the crap game. When the officers flushed the game, the negroes fled into the darkness and three shots were fired in order to stop the fleeing parties. Later Downing claims on leaving the commissary, he found the wounded negro, calling for someone to help him. Upon investigation a pistol ball had entered the negro's back and had lodged in the abdomen. Dr. R. W. Griffin extracted the bullet and Brown, while being taken to Memphis to a hospital, died at Slough Landing, Sunday. — Lake Co. News.

HERE'S PROOF.

A Hickman Citizen Tells of His Experience.

You have a right to doubt statements of people living far away but can you doubt Hickman endorsement?

Read it:

C. A. Watson, Hickman, says: "For years I had kidney complaint. I suffered from pains in the small of my back, which were more severe if I stooped or lifted. My back ached at night and in the morning, I was very lame. I tired easily and occasionally had nervous spells. Headaches bothered me and I was subject to dizzy spells, during which there was a blurring of my sight. When I caught cold, it settled on my kidneys. At such times, the passage of the kidney secretions became too frequent. This was particularly annoying during the night and I was often obliged to get up several times. Learning of Doan's Kidney Pills, I procured a box at Helm & Ellison's Drug Store. Two days after using them, I got great relief. After I had taken one box, I was cured."

There is much disposition throughout the State to do good roads work which should have been done when the weather was more favorable and the usual wet season was not at hand. But on the idea that it is better to be late than never the good roads work may go on without any further delay.

"Unbelievable prosperity," is the way the optimists are putting the outlook for America. The crops and the demand for products of all kinds certain to follow the cessation of the European war prompts the quoted words.

West Kentucky's 1915 tobacco crop is expected to be one of the most common grade in years as a result of the unseasonable weather.

Cheer Up! Prosperity is Here

"If a man can't laugh there is some mistake made in putting him together, and if he won't laugh he wants as much keeping away from as a bear-trap when it is set."—Josh Billings.

If you think you have a worry—forget it. Just come to us when you want good drug store merchandise and reliable drug store articles. You will find that prosperity has left its mark on our store, and in no better way is this shown than in our careful buying, which enables us to offer you the best of goods at extremely low prices. It is remarkable to note what a quarter will buy at our store. For instance, a good tooth brush, a fine box of stationery, many prescriptions we sell for a quarter and less, ideal cold cream, toilet waters, a delicious box of candy, a safety razor—in fact, something for everybody in the home. A quarter spent with us will buy more than you would expect—both in quantity and kindness.

WALNUT LOGS WANTED.

10 to 13 inches in diameter \$20 per 1000 feet. Logs larger than these will be paid for at the rate of \$30 per 1000 feet. The logs must be seven feet and up, but can use a few six feet long. We take all kinds of white or hickory walnut and all saps measured, knots no objection. Limbs must be trimmed close to body of tree. Hollows will be measured out. Delivery can be made at Hickman or anywhere above No. 8 Island, on the river, in any quantity of 100 feet or more. Offer good until Dec. 15, 1915. C. M. Adams & Son.

In referring to this ad of C. M. Adams & Son proposing to buy small walnut logs, we suggest an early sale. All farmers almost can put in a few sticks of this small timber at a good price, but as the war is likely to close any day they may never have such a golden opportunity again to pick up a few dollars for this almost worthless timber.
